Check the boxes that are applicable to this phase of the Land Disturbance

Items of Concern

Inspection Results

- Items of Concern: Sediment leaving the land disturbance site, Off-site erosion caused by land disturbance activity, Protection of operational storm drain inlet(s), Mud on paved roadways, Installation & maintenance of other necessary BMP's.
Inspection Results: Site in compliance with Land Disturbance Code/Approved Plans, Correction of deficiencies required, Deficiencies from previous report ( ) Corrected; ( ) Not corrected. See attached comments/descriptions.

It is my professional opinion that the land disturbance work being conducted, except as specifically identified above and attached, is in compliance with the St. Louis County Land Disturbance Code as further identified on the approved plans. I have also attached listings of areas where land disturbance operations have permanently or temporarily stopped.

Attached are Further Comments/Descriptions of Deficiencies/Special Problems or Concerns
